25X1 5. [] I advised Dana Orwick, State Department, that yesterday I handcarried to the Joint Committee on Atomic Energy, NIE 11-2-62, and NIE 13-2-62. Mr. Orwick was pleased to have this information.

25X1 6. [] In response to his previous call concerning [] (see Journal of 22 June), I advised David Martin, in the office of Senator Thomas J. Dodd, that we had been in touch with []

25X1 [] directly and indirectly both here and in the field in the past and that [] had, in fact, personally met with Mr. Dulles during his tenure

25X1 as Director. I further advised Martin that in view of the Director's very busy schedule and the fact that [] was leaving on 30 June, it would be impossible to arrange an appointment with Mr. McCone. I added further that in view of our past contacts, I felt it just as well that contacts be maintained in this way unless Senator Dodd had strong feelings about someone seeing her during her present visit. Martin said Dodd did not have strong feelings on this and merely mentioned that the Director might like to see her.

25X1 Later in the day, [] called the Director's office indicating a desire to meet with Mr. McCone. The Director's office was advised of our position with Mr. Martin and is to inform [] that it will be impossible for the Director to see her on this short notice.

25X1 7. [] Delivered to Janice Moore, in the office of Representative Charles Mc. Mathias, a letter on the case of []
25X1 [] and also gave her some of the background information on the reasons for our turndown of another applicant [] (police record, poor military service record, etc.). Miss Moore said she understood but asked if we would provide an innocuous letter for the Congressman's use. This is being done.
